#### FROM THE PRINCIPAL'S DESK

Sports is more than an integral part of Education. It is very important for every individual, to have a good healthy body. Sports Education not only teaches students to build and maintain physical stamina, but also the habit of obedience, discipline, willpower, team spirit, tolerance and a determination to win. We always strive to focus on academic learning and intelligence quotient of students, but we forget that a sound mind lies in a healthy body and therefore if one doesn't have a healthy body one would not be able to justify anything, be it learning, a task, or any achievement. Our efficacious students have achieved a great deal in the field of sports and games, winning innumerable laurels and noteworthy accolades and will continue their determined and illustrious journey with unflinching zest and vigour for there is no replacement to good health and as a result sports, without which it is impossible to build it. We hereby present to you glimpses of our Sports achievements in this Newsletter.

Anupal Sagar
